

## **Lynn M. Anderson**

**Engineer MMC – Los Angeles**

### **Professional Experience:**

Mr. Anderson's expertise comes from a broad range of experience in electronics and system design spanning nearly 40 years and including specifying and configuring AV installations for architects, manufacturing of audio equipment, operating AV systems, digital programming, preparing technical documentation and consulting. In the last few years Mr. Anderson has worked on large performing arts centers, graduate-level classrooms, schools, EASE analysis projects and security systems. Often working with consulting teams, he understands how quality project documentation improves team results.
